Brand Advocates won't take action unless you engage them with rewards and incentives. To draw their attention, you need to understand what makes them interested and motivated. It's mandatory to learn as much as you can about their requirements, wishes, and goals.

Thus, [building an Advocacy Program](#) with Rewards and implementing the solution in your business process will turn your loyal customers into trustable brand advocates.

Since many organizations are using NetSuite Application and do not have a useful Advocacy Software in their business process, [NextBee](#) is helping them to overcome this issue by integrating Advocacy Program with NetSuite. Implementing the solution will help the companies work more efficiently and effectively and get better outcomes in productivity.
