Business Organizations often search for a robust and scalable customer engagement solution – a platform that can retain existing customers and also can acquire new ones. In fact, the entrepreneurs look for providers whom they can rely on; receive constant support; get a reasonable price model; a solution that has all the required functionalities.

The requirements do not end here. Due to the incremental competition, and ongoing demand for better rewards and customer service, companies are also looking for the following elements in a loyalty software:

- Personalization based on machine learning
- Useful tools to formulate loyalty strategies
- Dynamic rewards system with zero commission on rewards
- USA based support and account management team
- A solution that has a proven track record of successful implementation with leading brands
- A robust and scalable system with key functionalities

To meet all the aforementioned requirements, [NextBee's Loyalty program software](#) is certainly a better alternative to various other loyalty solution providers. It is trusted by 300+ brands and can be integrated with Mobile Apps, CRM, ERP, eCommerce, giving you full visibility and flexibility in your loyalty program.

Thus, it would be fair to claim that;

- *NextBee is a Better Alternative to LoyaltyPrime*

## Reasons Why NextBee is a Better Alternative to other Loyalty Solution Providers

[NextBee delivers an end to end customer engagement solution](#). The platform is optimized across every channel that can be seamlessly integrated with any of your in house software; it also offers a rewarding and exciting experience for your customers, which keeps them loyal and entices them to come back again and again.

**360 Degree Engagement** – Engages your customers at every touchpoint; do not miss out on any opportunity of rewarding them. For multiple actions and to increase engagement, include Referrals, Feedback, Testimonials and even reviews on-site such as Real Self, Real Patient and many more.

**Customizable Rewards:** The more you will personalize the rewards, the more it will be appreciated by the customers. The rewards and incentives vary from person to person based on their demographics or buyer persona. Personalized Rewards are offered that attract their attention and they feel glad about it.

**Gamification:** Include various aspects of a game in the system and make your Loyalty program exciting. It will grow the customer interest and motivate them to participate with game elements like tiers, badges, and perks, levels, etc. With gamification, you can add a sense of friendly competition to boost participation.

**Purchase Tracking** – Track every purchase, customer engagement, and loyalty points credited, no matter where the purchase occurs – offline, online, and even through phone sales
